CONTINUATION SHEET

SURNAME	OTHERS	HOSPITAL NUMBER	
Adeyemi	Kazoom		

The above named patient is a known CKD patient of this facility who is being managed for CKD 2<sup>o</sup> hypertension. He has been regular with his hemodialysis which occurs twice a week and has had 36 sessions thus far. Additionally, he receives 50 Epreon 4000LD twice weekly and has had blood transfused <sup>occasionally</sup> since presentation.

Below is the list of the following services provided:

Dialysis -

50 Epreon -

PCV, pre and post Urea and Creatinine

Kindly assist the above named patient with finances as the patient is soliciting for funds to ensure continuation of Hemodialysis. Any help would be appreciated.  
Thanks you.
